

Risk Radar® Enterprise Version 6.0

Risk Radar® Enterprise (RRE) is an easy-to-use web application for enterprise-wide, program, and/or project Risk Management. It enables effective management and communication of project **Cost, Schedule, Technical, and Performance Risk** within a common, flexible, and scalable enterprise framework. RRE gives managers and their teams the visibility they need to proactively **Identify, Analyze, Track, Control, Mitigate, and Report Risks.**

RRE v6.0 includes comprehensive and customizable MS Word, MS PowerPoint reporting, Executive Dashboard, and Updated User Interfaces. This version is even more effective at completely eliminating cumbersome spreadsheets, unreliable data and delays in time sensitive information.
